

USFSS is organizing a team to go to the International Canicross Federation (ICF) World Championships this October in Poland. What is ICF? ICF is all things one-dog powered sports; canicross, one-dog bikejor, and one-dog scooter.

USFSS will have a formal selection process over the Summer, but at this time we are needing to get a feel for how many US competitors are interesting in joining the team. To state your interest or get more information, please contact Nick Weis (naweis@outlook.com) or message USFSS through Facebook as soon as possible.
